

## Don't You Feel Well? Ache All Over?

Feverish? Feel as though your blood was hot? Cold feet? Backache? Those warning signals which indicate that "a bad cold" or a fever is coming on? Don't get discouraged, but go home. On the way, stop in any drug store and get Dr. Pierce's Golden Medical Discovery. When you get home, take a hot bath or a hot foot bath, go to bed, cover up warm—take a dose of the "Golden Medical Discovery," in the morning another dose, and you will feel better. You will not have to continue many doses before you are well. If you still persist in the use of Dr. Pierce's Golden Medical Discovery you will find improvement in your general constitution, appetite and blood—your liver will become active and throw off the poisons from the system.

Get as near to Nature's way as you can. There's a reason. Vegetable foods are usually good for the health. The human economy digests and assimilates them best. In disease, a remedy made up of Golden Seal root, Queen's root, Stone root, Black Cherrybark, Mandrake root and Bloodroot, such as Doctor Pierce's Golden Medical Discovery, is positive yet safe, is assimilated in the stomach and taken up by the blood, therefore it is the most potent means which can be employed for the regaining of lost health. Microbes snatch at us from every corner. They mean to kill or eat us if they

can. They are formed by millions on everything we eat, drink and wear. The air is alive with them. Medical science has proven in the past few years that nearly every disease is a germ disease. Such disease germs enter into the blood in two ways, either through the lungs or stomach. If the blood is pure and rich, the liver and stomach in healthy, active condition, the germ of disease cannot find a resting place there to multiply. Diseases of the lungs, bronchitis and consumption, grip and pneumonia, are very apt to spread through a factory where there is much fine dust in the air. The lungs become irritated and the germs find a fertile field for growth. Extreme weakness, feelings of nervous exhaustion, coughs and colds are the warning signals which should be heeded. One should put the system in the very best possible condition right away. Rid your body of the poisons that are apt to accumulate and your system is ready to ward off the attack of the germs of disease. Doctor Pierce's Golden Medical Discovery makes rich, red blood—by increasing the red blood corpuscles. There is no alcohol in this great tonic to shiver up the red blood corpuscles. An alterative extract, made only of native medicinal roots, it goes about its work in nature's way. Only good can come from its use, as it invigorates and tones the liver into proper action, and feeds the worn-out nerves, stomach and heart on pure blood.

"I am a firm believer in Dr. Pierce's Golden Medical Discovery," writes Joseph Napoleon Herbert, Chairman Board of Relief, of 233 St. Paul Street, Montreal, Quebec. "Find that it has been of practical value to a number of men in my employ. They are especially exposed to inclement weather, and often the colds contracted run into pneumonia, stomach trouble, or kidney and liver disease. However, since we have known of the value of 'Golden Medical Discovery,' there is much less sickness, as this medicine seems to keep the 'cool' in a healthy, active condition, and to ward off colds and all other diseases. It is a very fine tonic for a run-down system. I am pleased to acknowledge its worth."

**BAD HEADACHES** generally arise from bad stomachs. Food, bitter taste, coated tongue, sour eructations or belching of gas, are common symptoms though not all present in every case. To cure, take small doses, only one or two each day, of old Dr. Pierce's Pleasant Pellets, the Original Little Liver Pills, first put up by him over 40 years ago. One or two a laxative. Three or four cathartic.

Arizona can now tell Oklahoma  
that "there's at least one thing she  
ain't and that's twins."

Now Mae Wood is trying to  
make out that the Senate has an-  
other Mormon to deal with.

At any rate, Senator Aldrich has  
not had the paternity of any of the  
meat inspection amendments showed  
off on him

The southern papers say that  
Roosevelt has achieved all his  
popularity along Democratic lines  
And in a little while the Republi-  
can party will take the stamp to  
explain what unsafe people the  
Democrats are anyway.

Kansas is talking about making  
shirts an inch longer by law with a  
view to using up the surplus cot-  
ton crop. If we hear about Kan-  
sas reduction her acreage hereaf-  
ter, we will call the police.

It is a wonder some mean Re-  
publican did not tack a provision  
into the President's \$25,000 travel-  
ing account making it necessary  
for him to take in Chicago as a  
part of his itinerary.

Congress having voted in favor  
of a lock type of canal, it only re-  
mains for it to vote in favor of a  
lock type of jaw, and it will bring  
adjournment appreciably nearer.

It is to be hoped when Senator  
Beveridge gets on the other side  
that he will not tell the natives as  
many things to the detriment of  
Chicago as he did to us at home.

Senator Morgan said in his Pan-  
ama speech the other day that we  
are going too fast. But we fail to  
see how there is anything in Pan-  
ama to convey that impression.

It is reported that Senator De-  
pew is recovering rapidly. Chaun-  
csey will decide after a few more  
trust investigations that he was  
not so bad after all.

A Russian insurrection stays  
suppressed about as long as an out-  
break in the Philippines. And it  
has a bigger casualty list to show  
at that.

Hereafter New York probably  
will think it is cheaper to let a  
lawyer commit murder if he wants  
to than to try to electrocute him.

## THE PERFECT WAY.

Scores of Jefferson Citizens Have  
Learned It.

If you suffer from backache,  
There is only one way to cure it.  
The perfect way is to cure the kidneys.  
A bad back means sick kidneys.  
Neglect it urinary troubles follow.  
Doan's Kidney Pills are made for kid-  
neys only.

Elijah Thomas, farmer, R. F. D. No. 1,  
five miles northeast of Atlanta, Tex.,  
says: "I had a catch in the small of the  
back and the soreness that followed  
gave me great trouble in stooping when  
at work, and when trying to lift the pain  
would dart through me like a flash and  
felt as if a knife was being thrust into  
my back. I had heard of Doan's Kid-  
ney Pills before so I got a box. They  
soon fixed me up in good shape, and I  
have had no trouble of the kind since.  
To show how much I think of this rem-  
edy, it is the first thing that I would  
use if ever troubled again."

Plenty more proof like this from Jeffer-  
son people. Call at J. F. Crow Drug  
Co.'s store and ask what their custom-  
ers report.

For sale by all dealers. Price 50 cents.

Remember the name, Doan's, and  
take no other

Now that Congress has neared a  
period in its activities and there  
promises to be a breathing space  
which people can take a quiet,  
same lack at things, it would seem  
after all as though the Panama  
Canal were about the most impor-  
tant thing on the horizon. The  
President has signified his inten-  
tion of going down to take a per-  
sonal look at the work and this is  
a good thing. Of course some fool  
constitutionalist is going to raise  
the question as to whether or not  
he has a right to go outside the  
United States during his term of  
office. But probably he will est-  
tle that, as he does the most things,  
in his own way and to his own sat-  
isfaction. Meantime it may be as-  
sumed that he is going to see the  
canal.

Of course a look at the ground  
will not give him a much better  
grasp of the engineering features  
of the situation than a layman  
would have without going there.  
But it is a good thing for him to  
see the ground and possibly he  
will be able to talk more convin-  
cingly of it afterward than before.  
But there will be a certain moral  
stimulus to both the President  
and the others concerned in the  
work from his visiting it.

This country is undertaking a  
contract in which the French en-  
gaged and failed. It is the biggest  
contract in which that human be-  
ings have ever engaged in one this  
planet. But there is a no ques-  
tion of failure. It is only a ques-  
tion of time. And the visit of the  
President is the thing above all  
others to stimulate the work.  
Therefore it is a good thing for  
him to visit Panama and it will be  
a good thing for all the officials  
concerned to make ready for his  
coming. If there is anything that  
will please him it will be to see the  
dirt flying in large chunks, so the  
trip is likely to have stimulating  
effect both and after.

It is now about time for some-  
body to revive the rumor that Edi-  
son has invented a type of storage  
battery that will run an auto-  
mobile for nothing and deposit the  
collateral in the police court when-  
ever it is wanted.

It looks as though in spite of her  
slowness Philadelphia might give  
Omaha a few pointers on dealing  
with kidnappers.
